CHIDIOGO EVANGELINE ANETOH

ANGULAR DEVELOPER

PROFILE

Highly motivated and results-oriented professional with a strong foundation in web development and embedded systems. Proven ability to effectively manage time, communicate complex information clearly, and quickly adapt to new technologies. Expertise in Angular framework and a passion for building dynamic applications. Seeking a challenging role in an innovative tech environment where I can contribute my analytical and creative skills.

WORK EXPERIENCE

AXA Mansard Insurance PLC

SEPT 2022 - PRESENT

Front-End Developer

- Led frontend development efforts on various software projects, delivering responsive and user-friendly web pages.
- Developed a critical claims salvage and auction application for AXA Mansard using Angular, streamlining the claims process.
- Independently designed and built essential internal applications (Bug Tracker, Inventory Setup System) that significantly improved operational efficiency.
- Created intuitive and visually appealing user interfaces across all projects, ensuring a seamless user experience.
- Successfully delivered complex projects by effectively handling both frontend development using Angular, CSS, JavaScript, and also have basic knowledge on C#.
